

Spring Mountain Directions

LOCATION:

Pahrump is located in the southwest corner of Nye County, Nevada. It is 60 miles west of Las Vegas and 60 miles east of Death Valley. The Valley is about 26 miles long and ranges from 8 to 12 miles wide. Surrounding the Valley are the Spring Mountain Range to the east and the Nopah Mountains to the west.

ELEVATION:

Elevation in Pahrump ranges from 2,550 to 2,750 feet above sea level.

COMING FROM LAS VEGAS

From the airport, follow the signs to the 215 freeway, then take I-15 South toward Los Angeles. Take the Blue Diamond/ Hwy 160 (Pahrump) exit west, out of Las Vegas. Follow Hwy 160 through the mountain (a total of about 45 miles to the track once on Hwy 160). Once in Nye County (down the last hill into the valley) we're just after Gamebird Road on the right hand side. Watch for the "grove" of approximately 10 palm trees and a line of billboards on your right. Our entrance is in the middle of the billboards, just after the palm trees and just past the "Turtle crossing" sign on the right.

If you get to the Mobil station or into the town of Pahrump, you've gone too far!

COMING FROM PAHRUMP

Get on the main road through town (Hwy 160) and head east toward Las Vegas. As you are coming out of town, there is a Mobil station on the left, we are approximately three miles past the Mobil, on the left hand side. Watch for the string of billboards on the left as well as Wheeler Pass Road as you are taking the downhill, right-sweeping curve. Our entrance is at the base of that small hill, on the left, in the midst of the billboards. If you get to Red Rock Builders or the speed limit changes to 70 mph, you've gone too far!

COMING FROM CALIFORNIA/ BAKER

From Baker take exit 127 (toward Death Valley) and follow it to 178 which changes over at Shoshone, then take 372 into Pahrump. Continue on 372 until it ends in the heart of Pahrump where it intersects with Hwy 160. Go right at the light through town (Hwy 160) and head east toward Las Vegas. As you are coming out of town, there is a Mobil station on the left, we are approximately three miles past the Mobil, on the left hand side. Watch for the string of billboards on the left as well as Wheeler Pass Road as you are taking the downhill, right-sweeping curve. Our entrance is at the base of that small hill, on the left in the midst of the billboards. If you get to Red Rock Builders or the speed limit changes to 70 mph, you've gone too far!
